Notice of Project Commencement

Notice of Special Meeting of Council

Official Plan Review

The Township of Pelee is undertaking a review and update to its Official Plan. An Official Plan describes the Township's policies on how it will grow, what will be protected and how land in your community should be used. It is prepared with input from your community to ensure it reflects community goals and priorities.

An Official Plan deals with land use planning issues such as:

- Location of new housing, industry, offices, and shops
- Protecting key resources such as prime agricultural land, cultural heritage and natural features
- Where development will occur
- Services needed to accommodate growth
- Hazard management

The intent of this update is to review the existing planning framework to incorporate new policy direction following recent changes to provincial legislation and to align with the 2024 Provincial Planning Statement. In addition, it will consider local planning issues that impact your community.

Take notice that on **March 24, 2026** the Council of the Township of Pelee will hold a **virtual public meeting**, pursuant to Section 26 of the Planning Act, to provide an opportunity to discuss the Official Plan review, process and any revisions that may be required to the Official Plan.
